

★ **FSM 22000 FOOD SAFETY (QUALITY SYSTEM)**
~OVERVIEW FOR USA-

No: FSM-22000	Title: Food & QMS Safety	Effective Date: 2/12/12
-------------------------	---	--------------------------------

FSM 22000 – (FOOD SAFETY & QUALITY (QMS): The Specialized certification FSM 22000 contained herein is the ultimate global benchmark for safety & quality management in the FOOD INDUSTRY. The specialized certifications are a critical tool for boosting your company's success and in combination or as an addition to your present health and safety certification. The addition of the value added system specific certification should increase, profitability and market potential. Food Safety, quality and customer satisfaction, is the empirical essence of your business. The system specific standard, will better equip your business to meet every (customer) requirements, improve (customer) focus by seeing your certification hanging on the wall and in many business and food related publications in. There are a host of other benefits, in combination with **Local, State & Federal requirements that**-will improve your company by:

- **Improving competitiveness leading to a higher profit potential**
- **Customer recognition for your QUALITY**
- **Follow Local, State and Federal requirements**
- **Ensure compliance with the latest Food Safety, quality and customer satisfaction requirements**
- **Increase your market potential, and open your business up to many new customers.**
- **Improve your consistency**
- **Improve time management, service and performance to the highest level**
- **Improve your businesses customer service**
- **Receive a PR (press release) announcing your certification distributed to over 5000 market specific sites. For you company's exposure.**

The FSM 22000 Food Safety Management System provides a framework for effectively managing your organization's food safety responsibilities based on existing ISO standards and is fully recognized by the National Food Safety Council (NFSC), a division of the American Board of Accredited Certifications (ABAC). FSM 22000 demonstrates your company has a robust Food Safety Management System in place that meets the quality, requirements of your customers and consumers. It can be used by any food establishment, including restaurants, food & beverage manufacturers, delis, bakeries, dairies, butchers, fast food chains, hotels, caterers, and food vendors.
